

## Badger Independent School District #676 Listening/Input Sessions

The Badger School District is working together with ICS to engage the entire District in Listening/Input Sessions. The hope is to gain insight from a variety of perspectives regarding the educational vision for our district. We ask that you participate in one of the two available sessions.

During these listening sessions community members of our district will help to define our needs and priorities, to build consensus among the various stakeholders in the Badger District. Once completed the outcome deliverables will include a comprehensive report linking stakeholder needs, wants, and ideas to desired outcomes, strategies, and actions for Badger's Long-Range Plan. This is a logical next step in the process to help the school board identify and prioritize the real needs for the future of our education and community.

ICS will facilitate Listening Sessions utilizing a Values Definition process that will gather stakeholder input. During the workshop, participants will complete needs assessments using a variety of tools developed by ICS. The outcome of this meeting is to define a collective vision for Badger's facilities and educational programming for all learners.

**The first session will be held in-person in the Badger School Cafeteria on Tuesday, June 21<sup>st</sup> at 7 pm.**

**The second session will be held Monday, June 27<sup>th</sup> remotely using Zoom. Please be in a location where you have a device available to join the meeting. You will be asked a series of open-ended questions and responses will be entered into the chat box. Choose one session that works best for you.**

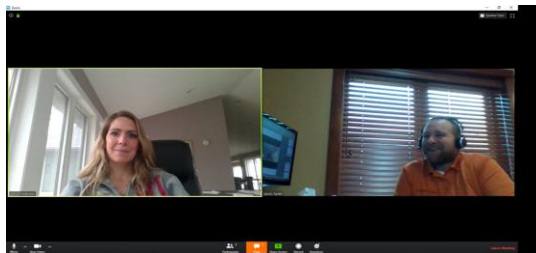

Badger Community Listening/Input Listening Session

**Monday, June 27<sup>th</sup> @ 7:00 pm-8:00 pm**
