Good News: Free Meals for Kids Extended for the Entire School Year - On October 9, the U.S. Secretary of Agriculture announced the U.S. Department of Agriculture (USDA) is extending its free meals program to continue to be available to all school children throughout the entire 2020-2021 school year. This unprecedented move is part of USDA's commitment to ensure all children across America have access to nutritious food as the nation recovers from the COVID-19 pandemic. During the pandemic, the USDA wants to ensure that children continue to receive the nutritious breakfasts and lunches they count on during the school year wherever they are and however they are learning.
